SEPTEMBER 2025

HAPPY MEXICAN HERITAGE MONTH

HEY PARENTS!

Mexican Heritage Month is celebrated from September 15 to October 15, recognizing the rich history, culture, and contributions of Mexican and Hispanic communities in the United States. During this month, we can celebrate our friends and colleagues of Mexican heritage in small but meaningful ways—such as enjoying traditional foods, supporting Mexican-owned businesses, learning about historical figures, attending local cultural events, or simply taking time to listen and share stories about their heritage.

Positive Life & Learning Solutions provides compassionate, evidence-based ABA therapy to help individuals build communication, social, and daily living skills. We partner with families to create positive learning experiences that foster independence and lasting growth.
